#### BRIKSDAL GLACIER HIKE & JOSTELDALSBREEN NATIONAL PARK - HEL05

**Duration**  
7 h

Photography and nature enthusiasts will look forward to this full-day excursion. Waterfalls, lakes, glaciers and plenty of unspoilt nature, this hike has everything that Norway is so proud and famous for. Leave the small village of Hellesylt and enjoy an approx. 2-hour scenic drive through the Geirangerfjord District, to Briksdal Glacier, a massive glacier that flows down a mountainside into the Briksdal Valley. Be sure to keep your camera ready, as there are photo opportunities at every turn. En route, you'll pass the Hellesylt Waterfall and marvel at its water cascading down polished granite stones. The sparkling Hornindalsvannet, Europe's deepest lake, is also a sight to behold before continuing along the Nordfjord to Olden and ascending the valley dotted with farms, waterfalls, and ice fields. After arrival at Briksdalen Inn, the tour continues on foot: the track crosses the river and climbs in zigzag above the fall to the top where you will enjoy the fantastic view of this arm of the Jostedal Glacier. The walk to the foot of the glacier takes 45 minutes, with the first part somewhat steep, and thereafter comparatively flat till you reach the actual glacier. As you reach the Briksdal Glacier, it is necessary to respect the warning signs put up near the glacier for the sake of your security. After the visit to the glacier, you walk back the same path to the Briksdal Inn where a well-deserved rest and a delicious lunch break await you. After lunch, board the coach again for a scenic drive via Stryn, Loen and Olden on the way to your ship.

Please note: this excursion is unsuitable for guests with walking difficulties. Guests with any type of food intolerance are required to communicate it to the Shore Excursions Office at least two days before the call. Lunch does not include drinks, which are at the guests' expenses. This tour is available when the ship calls in Hellesylt only.

## MOLDE CITY WALK & THE ROYAL BIRCH - MLD10

Duration  
2 h

Protected against northerly and westerly winds, Molde lies at the foot of the hills, facing a fjord, which opens on to a magnificent panorama of 87 snow-capped mountain peaks. Molde is called the "Town of Roses" because numerous plants, which really belong to far warmer climates, grow here on sunny slopes. From mid-June onwards and throughout August, Molde abounds in fragrant, blooming roses. Along the main street Storgata there is a beautiful avenue of Paul's Scarlet Hawthorns, and several roses have been planted by the shops. At the Town Hall Square in the "Town of Roses" stands the bronze statue "Rosepiken", surrounded by a dancing fountain, a sculpture of a young and beautiful Rose Maiden with her arms full of roses. From the street Olsmedbakken and towards the Moldegård villa, many of the old wooden houses have been restored and decorated with roses. You will continue to the Royal Birch, the place where King Haakon and Crown Prince Olav sought shelter from German bombers in April 1940 when they were being hunted by the German occupying forces. The Peace Grove next to the Royal Birch symbolizes the continuing struggle for freedom, peace, and human dignity both today and in the future.

Please note: Guests of limited mobility are requested to evaluate their personal level of stamina and ability before taking part as it includes a slight walk uphill to reach the Royal Birch.

### PANORAMIC KIEL AND SURROUNDINGS - KIE20T

**Duration**

This panoramic tour will give you an excellent overview of Kiel, your port of call, as well as the surrounding countryside. Thanks to its advantageous coastal location on the Baltic Sea, the beautiful city of Kiel – the capital of the state of Schleswig-Holstein – is characterised by a rich maritime and naval tradition that it still maintains to this day. Kiel enjoys an international reputation as the venue of several important sailing events, including the annual Kiel Week – the world's biggest sailing competition. In fact, the first-class conditions at sea and meticulous organisation on land have lent Kiel the title of "the world's unofficial sailing capital", especially since the city hosted the Olympic sailing competitions in 1936 and 1972. One of these was held in the Kiel suburb of Schilksee, which is naturally on the itinerary. The many little sailing boats and the unique architecture of Schilksee are a living testament to the colourful event. The tour of the city will also take you to see the famous early 20th-century town hall, the majestic Kiel Fjord, an inlet of the Baltic Sea, and the impressive Kiel Canal, which both connects the North and Baltic Seas and is the world's busiest artificial waterway. Your return to the pier and your ship marks the end of this scenic excursion.
